JUNEAU IN THE COMMUNITY

One of Juneau's goals is to always leave the community better than we found it. In order to achieve that goal, all of Juneau's offices and projects participated in a outreach activity, ranging from collecting canned food for End 68 Hours of Hunger, to providing meal service at the Camillus House, to providing school supplies for more than 15 students at the Sandy Springs Mission. We look forward to continue giving back and making a positive impact in the communities we build in 2024!
